

The Best Place for Trading

Is the establishment where not one article holds forth which does not bear the stamp of merit, and is backed by a guarantee from the maker to the house, from the house to you. That's the sort of store this great clothing establishment is, and as you learn more of it, your confidence will grow, your satisfaction will increase.

Men's Suits.

We've taken a vast amount of care in the gathering together of this line of Men's Suits; have thoroughly sifted all that was doubtful or poor; and left that for other stores to handle. Whatever is here is right—right in price and the best that the money will buy; right in material, right in stylish makeup, right in the making. No detail neglected; no small point overlooked. Perfection has as nearly been attained as possible, and if there is a defect in one of these suits you'll confer a favor on us by pointing it out. No tailor can do better—the best has been reached. The popular lines are those at

\$10, \$12, \$15.

PROMINENT MEN. WHO ARE THEY?

The Model The Model
Kansas City's Foremost
Clothing, Shoes, Hatters and Furnishers.
S. E. Cor. 10th and Main. S. E. Cor. 10th and Main.

MEN'S SHOES.

THERE'S a world of difference between the various sorts. We've the best sorts only, and the prices are right as it is possible to get them. No Shoe sold (excepting patent leather) that doesn't bear a guarantee of merit and wear that means a new pair if they fail you. Complete lines in every make of leather; every style of last. Good, wearable, easy shoes from

\$2.00 Up.

MEN'S HATS.

WE'VE a reputation for good Hats that was not won by accident. It will pay you to personally learn of the reason for its existence.

Something special—in price leaning—are the Fedoras; all colors; honest making and reliable materials, and stylish appearance; worth more money than we ask—yours for

\$1.00.

Good Derby Hats; none but late blocks; will wear well and look well as long as a hat at double the price. Has the name of "The Model" in the crown, which means all that can be guaranteed in a hat is guaranteed in these—at

\$1.50.

Then, in either Derby or Fedora Hats—with a vast variety of colors and shapes we give the best hat at the money that has ever been produced. A new hat for any one that fails in giving satisfactory service; it's our special hat, the one we've pushed to the front for ten years, and which has held its place against all comers—

\$2.00.

ADDRESS TO VOTERS.

TELLS WHY ADDITIONAL SCHOOL FUNDS ARE NEEDED.

BOND ELECTION NEXT TUESDAY

THE FIRST REGULAR MEETING OF THE NEW CITY COUNCIL.

Litigation Against the Northwestern Railway Company Renewed—Hester Held for Trial—Chief Armstrong's Annual Report.

The special election to vote upon a proposition to issue bonds for the improvement of the city schools will be held next Tuesday. The members of the board of education yesterday issued the following manifesto in reference to the matter:

"To the Voters of Kansas City, Kas.:—In order that you may more fully appreciate the needs of our public schools, and understand the purposes of your board of education in calling upon you to vote for the issuance of \$100,000 in bonds for additional school buildings, etc., at the special election called for by the mayor's proclamation, on April 22, it has been deemed proper to inform you of the following facts, and to explain in detail how it is proposed to expend the bond money, and the present and urgent necessity for such various expenditures, as follows:

"First—Six room brick addition to high school building, and furnishings and appliances for same, \$10,000.

"The present building is partly old, containing four rooms, and partly new, containing two rooms. This space is inadequate for the proper distribution of classes, and as the enrollment is increasing each term, additional space must be provided for the same.

"It is intended by the board to build an addition of six rooms on the new part of present building, which will give ten modern, well heated, ventilated and equipped rooms, which, in addition to the old part of building, will afford ample space and facilities for several years.

"When it again becomes necessary to increase the capacity of the high school it can be done by tearing down the old building in front and erecting in its place a three story addition, with auditorium on third floor, thus completing a model high school building at a comparatively

small cost. The money asked for the high school will, therefore, be expended in a building of permanent character, which will be a better investment than any other building of the same cost.

"Second—New four room brick building, site and furnishings, in north end of Second ward, \$10,000. This building is intended for its primary school to relieve the overcrowding in the old building at Everett street. The new building has a total enrollment of 120, and a seating capacity for 200 pupils.

"The Everett building has a total enrollment of 180, and seating capacity for 200 pupils. The board at present rents a store on Fifth street to accommodate a primary school of five pupils, that are crowded to give one class of 150 pupils at long half-day sessions.

"Third—New four room brick building and site for colored school in north end of Second ward, \$10,000. This building is intended to replace the old frame school, which is unsuitable and unsafe. The present enrollment of the colored school is 120, and seating capacity for 200 pupils.

"Fourth—A new four room brick building and furnishings in north end of Third ward, \$10,000. This building will be erected north of the Chelsea branch of the elevated railway, and for the present to relieve the overcrowding in the old building at Long and Locust streets, and give the children of that section their present long walk. The site for this building is complete and modern, and the building will be erected on the site.

"Fifth—Four room brick addition to the Douglas school building in Third ward, and furnishings, \$10,000. The present enrollment of the Douglas school is 120, and seating capacity for 200 pupils. On account of limited space in present building many children are crowded to attend the Douglas school. This addition will make this school a complete and modern room building.

"Sixth—New eight room brick building, site and furnishings, \$10,000. This building is intended to replace the old frame building now on the site, which is owned by the board. At present the Central school, on Huron place, has two rented buildings, one of three rooms on Minnesota street, and one of two rooms on Seventh street. This new building in the Fifth ward, will enable the board to discontinue the rental of these buildings, and to place the Central school, as well as take care for several years of the school requirements of the western part of the Fourth ward.

"Seventh—New six room brick building and site in Fifth ward, \$10,000. The River view school building is overcrowded. It has an enrollment of 180, and is a present capacity for 100 pupils.

"The new building will relieve the Central and River view schools and enable the board to extend the River view school district. The school population in this ward is rapidly increasing and present facilities are entirely inadequate to present requirements.

"Eighth—New six room brick building, site and furnishings in Sixth ward, \$10,000. This building is intended to replace the old frame building now on the site, which is owned by the board. At present the Central school, on Huron place, has two rented buildings, one of three rooms on Minnesota street, and one of two rooms on Seventh street. This new building in the Fifth ward, will enable the board to discontinue the rental of these buildings, and to place the Central school, as well as take care for several years of the school requirements of the western part of the Fourth ward.

"Ninth—Framed addition to the Greystone school building, and furnishings, in First ward, \$10,000. The present enrollment of the Greystone school is 120, and its seating capacity is 200.

"Tenth—The remaining items in all in-

clude an expenditure of \$5,000, and include repairs at Everett building, the raising of the Wood street bridge to obtain better ventilation, new floors at Central school building, and grading of grounds and building retaining walls at Long and River view school buildings.

"The ideal school building, according to many, should contain not less than eight rooms, but on account of the large territory our city covers and its scattered population, we find it at present impracticable to erect such large buildings in all places where buildings are needed. The new four room buildings will be arranged that they can be added to the complete, either by one or two room buildings at some future time when the primary school population will warrant the increase.

"In conclusion, we find it difficult to please all, but we endeavor to do justice to all localities and make the bond call as small as practicable, in view of our necessities.

"We think that this money can never be expended at better advantage than now, when both real estate and building material are very cheap.

"We hope for a full expression of popular opinion, and that all citizens will vote on the bond proposition.

"W. E. Barnhart, Harry Bell, Alex. Carey, Robert Campbell, William Fletcher, Monte Wells, members of the board of education."

FOR BREACH OF CONTRACT.

A Family Suit Against a Railway Company Renewed.

The litigation between the Manager family and the Northwestern Railway Company was renewed yesterday when Louis Manager began action in the district court to eject the company from his premises on Fifth street, which he claims to own.

After a hearing on the matter, the court ruled in favor of the Manager family, but they have never been evicted.

When the project to build the Northwestern line was first started, some of the old residents of the city were of the opinion that the line would be a great benefit to the city, and that the Manager family would be evicted from their premises.

But the Manager family, who have been in the city for many years, claim to own the premises, and they have refused to leave.

The court has ruled in favor of the Manager family, but they have never been evicted, and the litigation is still pending.

MEETERS BOUND OVER.

Could Not Furnish the Required Bond and Was Committed to Jail.

Joseph Hester was given a preliminary hearing before Justice of the Peace Betts yesterday afternoon. Hester was charged with the murder of a woman named Margaret Hester, who was found dead in a rooming house on Fifth street.

Hester was unable to furnish the required bond, and he was committed to jail.

about a confirmation of it is the purpose of Mr. Bowling and the others interested in the bond of the late Postmaster Staples to defeat the confirmation of Fitzhugh. They have engaged the services of Benj. L. Lindsey, of Kentucky, to look after their interests in the matter, as it became necessary to secure the aid of a Kentucky senator under the customs of the senate in handling appointment matters.

It is believed by those familiar with the situation that the defeat of Fitzhugh may be brought about, provided a shrewd showing is made by the bondsmen to have some one appointed who will be willing to contribute a certain amount of the salary to meet the payment on the bond. This arrangement had been made by the bondsmen with some of the leading Democrats of the town but it was interfered with by the president's refusal to let the city and appointing Fitzhugh.

The matter is being held up in the senate as a result of the refusal of the bondsmen to contribute the salary to meet the payment on the bond. The matter is being held up in the senate as a result of the refusal of the bondsmen to contribute the salary to meet the payment on the bond.

FIRST REGULAR MEETING.

New Tipping Shop Ordinance and Other Matters Before the Council.

The new city council held its first regular meeting yesterday afternoon. The first order of business was the reading of the ordinance introduced by Councilman Buchhalter, of the Sixth ward, relating to the regulation of tipping shops.

The ordinance was passed by a vote of 10 to 2. The ordinance was passed by a vote of 10 to 2.

Another ordinance introduced by Councilman Towers, was passed. The ordinance was passed by a vote of 10 to 2.

POLICE BOARD MEETING.

New Appointments Made and Old Officers Recommended.

The police board held a meeting last evening and made several new appointments, and recommended a number of the old men for another year. They have not yet completed the reorganization of the force and will hold another meeting in a few days.

None of the old men were dropped from the list last night and as a result a number of them will feel uneasy until after the next meeting. The following is the list of new men appointed: P. V. Sander, formerly patrolman, was appointed sergeant. This place has been vacant since the late Captain's death. The appointment was made after a year ago.

Richard W. Smith, formerly patrolman, was appointed sergeant. This place has been vacant since the late Captain's death. The appointment was made after a year ago.

Another appointment was made. The appointment was made after a year ago.

The appointment was made after a year ago.

first of a series of lectures to be delivered by her on the art of cooking. The lectures are given under the auspices of the Wayne Hotel Co. and are very interesting and instructive. Her subject yesterday was the proper manner to prepare roast beef, which she did in a most excellent manner. This afternoon she will cook and lecture on French bread, delicate rolls and royal dainties, including

His Foot Crushed.
James Horn, a young man living near the Wood street depot, had his right foot and ankle badly crushed last evening about 10 o'clock, while attempting to climb over a string of cars that were switching near his home. He was taken to St. Mary's hospital, where the attending physician stated that his foot would have to be amputated.

METROPOLIS MISCELLANY.
N. J. Pauliner was arrested at Argentine yesterday on the charge of immorality and taking of the court. He is now in the hands of Judge Judge Judge.

Company E will meet to-morrow night at Armory hall and hold a battalion drill. Probable Judge Angle yesterday heard the evidence and arguments in the case where Steve March claims \$20,000 from the Peterson estate as back pay while a deputy under the late Sheriff Porter at the James street station. The judge will render a decision in the matter next Friday.

The Brighton Hill Women's Christian Temperance Union held a meeting yesterday afternoon at 10. The purpose of the meeting was to discuss the case of a woman who had been arrested on the charge of immorality and taking of the court.

The Women's American Protective Association will meet this afternoon at the home of Mrs. J. J. Abbott.

The funeral of Mrs. C. W. Putnam, who died at New Albany, Ind., a few days ago, will be held at the residence of her son, Mr. C. W. Putnam, at 10 o'clock this morning.

Ask for new street grade. Harris Clark, of the Fifth ward, yesterday morning, called on the city engineer, Mr. C. W. Putnam, and asked for a new street grade for the Fifth ward.

William Halvey, aged 62 years, colored, died at his home, 17 Oak street, yesterday. He had been a resident of this city for the past thirty years and was well known.

A committee representing the young women visited the managers of the local house yesterday, but would not state what a-tion would be taken.

MISCELLANEOUS.

The police ambulance was called to 28 South First street yesterday afternoon when Fred Mink, a young man, was sick and in desperate circumstances. He refused to be taken to the hospital, and the case was turned over to the coroner. Commissioner Keller, who will look after him.

All the criminal cases set for trial in June the same court for yesterday were continued for two weeks.

United States returned from an extended trip through the Western states. George Duxey, who has been visiting his parents in this city, has returned to his home at Atlanta, Ga.

Washington circle, under the name of the World, will hold a meeting to-morrow in Melville's hall.

The Ladies' Aid Society of the Baptist church will give a "social" Friday evening in the church.

E. E. Butler, who has been seriously ill, is convalescing.

visits of friends and relatives on Everett street.

E. F. Service has returned from a business trip to Louisiana.

Mrs. J. N. Mortland, of Minneapolis, Minn., is the guest of Mrs. E. F. Service, on the corner of Fifth and State.

Mrs. Edmund Mulvihy, of Versailles, Ky., is in the city, the guest of her mother, Mrs. J. N. Mortland.

A. S. Merritt, the well known portrait artist, who is compelled to give up his profession several years ago on account of his eyesight failing him, has again taken up his brush, and with the rare ability as an artist which he possesses, it is more than likely that he will make a success. He will leave in a few days for Colorado, where he will resume his profession.

ARMOURDALE.
The Labor Union of the City Have Another Grievance Against Swift & Co.

The labor union of this city are preparing for another fight on Swift & Co. Some weeks ago a boycott was declared on this company on account of a reduction in wages of a large number of girls who worked in the trimming department. This boycott was adjusted between the company and the girls by the company paying the old scale of wages. There was very little accomplished by the labor union, as the company is now shipping the most of its goods to Chicago, and the girls do not have work more than half the time, and are unable to keep their work up to the level of the city.

A prominent member of the Trades Assembly stated yesterday that the work was being done for less wages in Chicago, and by non-union workmen, they were powerless to do anything.

A committee representing the young women visited the managers of the local house yesterday, but would not state what a-tion would be taken.

The police ambulance was called to 28 South First street yesterday afternoon when Fred Mink, a young man, was sick and in desperate circumstances. He refused to be taken to the hospital, and the case was turned over to the coroner. Commissioner Keller, who will look after him.

These stopped using soap, long ago.
This one stopped because—well, we'll have to guess why. Perhaps, because it gave him too much work to do. That's what everybody thinks, for that matter, when there's nothing but soap at hand, and there's a good deal of dirt to be removed from anything.
But this one stopped because she had found something better than soap—Pearline. Something easier, quicker, simpler, more economical. No rubbing to speak of, no wear—easy work and money saved, whether it's washing clothes, cleaning house, or any kind of washing and cleaning.
Millions Use Pearline
